WEEKLY ACTIVITIES AND STATUS REPORT FOR THE DD/ICS--17 December 1985

CIPC Organizational Activities

- Most of the CIPC members plan to attend the ICS Christmas Party.
- Tony has been tasked to review the status of the MASINT Subcommittee with the objective of developing recommendations about its future, in particular, whether or not it should be constituted as an independent DCI Committee.
- Willi is presently developing an options paper which addresses the question of what our next step(s) should be in extending the FIRF to meet the CIPC task of developing a Collection Strategy Evaluation Method (CSEM-FIRF). The options paper should be ready for your consideration by next week, if not sooner.
- Steve is scheduled this week to visit the NIO/S&T, Acting Chairman/JAEIC,
- On 16 December, Ray and George met with Patrick Tarr and Julie Samuels of the National Drug Enforcement Policy Board (NDEPB). We discussed the evolution and organization of the IC Staff and the CIPC. Tarr is a former Special Assistant to Frank Monastero/DEA and is presently the NDEPB staff director, and Miss Samuels is from the Policy Management section of the Department of Justice. They are part of the small team at the NDEPB which is charged with staffing out the rather broad charter which Congress gave them last year. They were particularly interested in the budget operation of the IC Staff and how it interrelated with other members of the Intelligence Community. Moreover, they were primarily interested in the general modus operandi of the CIPC and its working groups and how we developed our respective studies.
